

Movies Urged For Churches By Minister

Children Would Learn More
Quickly, He Says.

The use of religious and educational motion pictures in Sunday schools as a plan to increase interest and speed attendance was heartily approved by Rev. J. L. Jones in a sermon Monday. Mr. Jones is pastor of the Cumberland Presbyterian Church at Tulsa, Okla., and is in Oklahoma City attending the three-day session of the International World Movement.

"I believe it is an accepted fact," he said, "that children, and especially young children, remember the things they see much more than the things they hear."

It is evident from the number of children that flock to see these things that children like pictures. It seems a pity that they should be taught in a way that they like. The Bible contains a sufficient material for such constructive films, films that would undoubtedly have a good moral influence.

"I have often thought if I had the money I would have a chapel and show religious pictures and give short sermons between the reels and see how it worked. I believe that such a plan would be practical."

HIGH EGG PRICES BY MAY 1 IS PREDICTED

KANSAS CITY, March 8.—Mr. T. H. Kunkle, president of the National Egg Producers' Association, is expected to announce today that egg prices will rise sharply by May 1.

On that date the home of the country will go on their annual spring cleaning and egg prices will rise, according to predictions made today at the annual convention of the Missouri Shipper's Association.

Consumers who are failing to take advantage of present prices will find, dealers said, that the supply has gone into cold storage by that date.

Drug Stock and Fixtures For Sale At Bargain

My lease expires April 1st—no other desirable location is available now—I must sell IMMEDIATELY my complete stock of drugs and drug store fixtures.

I offer: A clean, up-to-date stock of drugs; many fast selling specialties; proprietary lines and specialties; handsome solid oak fixtures, finished in mahogany; a beautiful 30-foot Omega brand fountain, the best in Oklahoma City. Total stock and fixtures valued at about \$14,000.

This is an exceptional opportunity for one who can act quickly. There have been many big advances in drug prices, also fixtures—these greatly advanced in price about three weeks ago. It would cost \$2,000 or more to duplicate this stock and fixtures today.

Will sell or will trade for city or farm property. Prefer to sell all—one lot, but will sell stock on 90 days' note if no sale. And NOW no more time must be wasted. It is April 1st.

Ada Schoolgirl Gives New View On Army Life

Clothes Just to Fit"

A new conception of the meaning of government was given some students at the city swimming pool Tuesday when they found the swimming park in the hands of Ada schoolgirls.

The girls of Ada, Okla., are to get the men of a certain age and take their names and age, so the girls can issue the men close just to fit. Also they put them in discipline as when the government sends help to know just where to get it.

A CHEMIST'S WAY OF KILLING CORNS

Painting Them With a Simple Preparation
Soon Removes Them.

A chemist's secret of removing corns and ingrown toenails simply painting them with the liquid called Corns Corn Compound, and they soon drop off.

The pain stops as soon as the "paint" is applied, and when the corn or ingrown toenail is left undisturbed. There is neither scabbing or danger. In this method, we will give you a bottle of Corns Corn Compound, and you can use it at home by anyone without the slightest trouble.

A small bottle of Corns Corn Compound, costing only a few cents at any drug store, is sufficient to remove dozens of corns. Don't get corns. It makes them grow just that much faster. Kill them with Corns Compound. Your corns will be gone in a few days. If you are not satisfied, your money will be refunded.

Hear these famous Victor artists!

Extraordinary interest attaches to the recitals of these great artists because of the double opportunity they afford the music-loving public.

It is a privilege in itself to hear these famous artists, and added importance is given to the events in that they enable you to compare their exquisite interpretations with their Victor Records.

Attend the concerts of these artists and note the individual qualities that distinguish their wonderful voices. Then go to any Victor dealer's and hear the Victor Records by the same artists. Note how faithfully their interpretations are portrayed on the Victrola.
